🎓 Experienced Tutor | Lund University | MSc in Biology

With an MSc in Biology from Lund University and a BSc in Environmental Science from Stockholm University, I bring over 20 years of experience guiding IB, A-Level, and IGCSE students through challenging biology concepts, helping them achieve exam success with confidence.

Teaches: IB Biology A-Level Biology IGCSE Biology GCSE Biology AP Biology

Curriculum: IB A-Level GCSE IGCSE AP

Qualifications

Lund University: MSc in Biology (2000–2002)

Stockholm University: BSc in Environmental Science (1996–2000)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

I've spent 20 years working with students from various academic backgrounds, guiding them through biology at the IB, A-Level, and IGCSE levels. My approach has helped students grasp complex topics and improve their understanding, leading to success in their exams. Many of my students have pursued further studies in the biological sciences.

In addition to my experience with school-level students, I have also worked with university-level learners, providing them with the tools they need to succeed in challenging subjects such as molecular biology and ecology. Over the years, my students have consistently improved their grades and their confidence in understanding biology.

My passion for biology extends beyond the classroom. I've led science clubs, environmental initiatives, and helped students with projects that have been recognised at national levels. My experience allows me to provide comprehensive tutoring support, ensuring students not only achieve academic success but also develop a deeper appreciation for the natural world.
