🎓 Experienced Tutor | University of Helsinki | PhD in Chemistry

I bring 19 years of experience teaching IB, A-Level, and IGCSE Chemistry, backed by a PhD from the University of Helsinki and a BSc from Aalto University. My passion for science fuels my commitment to student success.

Teaches:

IB Chemistry

A-Level Chemistry

IGCSE Chemistry

GCSE Chemistry

AP Chemistry

Curriculum:

IB

A-Level

GCSE

IGCSE

AP

## Qualifications

**University of Helsinki:** PhD in Chemistry (2002–2006)

**Aalto University:** BSc in Chemical Engineering (1998–2002)

## Vetted Tutor

## Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

## Tutoring Experience

Throughout my 19-year career, I've taught students from different academic levels, including IB, A-Level, and IGCSE Chemistry. Working with international students, I have guided many to success in exams, helping them secure places at top universities. My goal is to make challenging topics in chemistry approachable and enjoyable.

In addition to school-level tutoring, I've taught undergraduate-level chemistry, focusing on organic and physical chemistry. I've built a robust collection of resources, including custom worksheets, presentations, and question banks, to help students grasp complex concepts.

With my extensive teaching experience, I've developed a deep understanding of the needs of diverse learners. I've worked with students from a wide range of backgrounds, ensuring that each student receives personalised support to help them achieve their academic goals.
